This was prepared by Daniel Hallas, "off the top of his head". **Any additions/corrections? For # 8 and 11 he was not sure of the protocol.**

Mexico land line

1 - Mexico land line to Mexico land line - same area code * just the number

2 - Mexico land line to Mexico land line - other area code * 01 + area code + number

3 - Mexico land line to US / Canada land line * 001 + area code + number

3.5 - Mexico land line to other country land line * 001 + country code + area code + number

4 - Mexico land line to Mexico cell phone - same area code * 044 + number

5 - Mexico land line to Mexico cell phone - different area code * 045 + number

Mexico cell phone

6 - Mexico cell phone to Mexico land line - same area code * just the number

7 - Mexico cell phone to Mexico land line - different area code * area code + number

8 - Mexico cell phone to other country land line * **not sure**

9 - Mexico cell phone to Mexico cell phone - same area code * area code + number

10 - Mexico cell phone to Mexico cell phone - different area code *

11 - Mexico cell phone to other country cell phone * **not sure**

Calling into Mexico from land line

12 - US/Canada land line to Mexico land line * 011 + 52 + area code + number

13 - US/Canada land line to Mexico cell phone * 011 + 52 + 1 + number

I think there may be a couple more cell phone combinations due to the different cell phone carriers in Mexico.

I think there may be some variations depending on what pay phone you are using.

This is one time, and perhaps the only time having only one land phone company makes it easier to post dialing instructions.
